

Award Announcement

Attention all Teacher Education Students!!

Advancing Math Education, a Math-Science Partnership funded through the Colorado Department of Education, is offering FIVE SCHOLARSHIPS to Fort Lewis College teacher education students to attend a four-day Summer Institute “*Extreme Number Sense*” for educators of all grade levels. The 2008 Summer Institute will focus on number sense as a foundation of algebra.

The institute is June 3-6 on campus at Fort Lewis from 8 a.m. to 4 p.m. every day with a banquet dinner Tuesday evening, June 3. Students must commit to being present all four days to receive the scholarship.

Scholarship Includes:

- \$200 stipend
- All meals excluding dinner Friday, June 6.

Students must be:

- Fort Lewis College students
- Admitted to the Teacher Education program and working toward licensure

Application Deadline: April 23, 2008

How to apply: Contact Dana Petersen at 382-6818 or petersen_d@fortlewis.edu. Give the following information: your name, a contact number, grade level you plan to teach (if secondary, include content area); current FLC class standing (sophomore, junior, etc.). Be sure to say you are interested in a scholarship for the AME Summer Institute.
